### 4 Types of Communication (With Examples) | Indeed.com

Models of communication are conceptual models used to explain the human communication process. The first major model for communication was developed in 1948 by Claude Shannon and published with an introduction by Warren Weaver for Bell Laboratories. Following the basic concept, communication is the process of sending and receiving messages or transferring information from one part to another. In 1960, David Berlo expanded the linear transmission model with the sender-message-channel-receiver model.

What Is Communicative Language Teaching? CLT developed in the late 60s and 70s, due in part to frustration with existing teaching approaches, which some felt were too focused on the structures and rules of language. They felt that language education should focus instead on the function of language (i.e. communication).
