Following a cross-cultural perspective, the book surveys the ways theatre and performance are studied by looking initially at key elements such as performers, spectators and space. The central focus is on methodology, which is divided into sections covering theatre theory, historiography and textual and performance analysis.

### **The Cambridge Introduction to Theatre Studies by ...**

Today, the concept of 'theatre' can refer to: (1) a building; (2) an activity ('going to' or 'doing' theatre); (3) an institution; and, (4) more narrowly, an art form. In the past, theatre was often used as a synonym for drama, a usage that can be still be found in the names of some university departments.

constitute branches of drama but not of theatre. In recent years, the equation of theatre studies with dramatic theatre has come under criticism because of the almost exclusive focus on 'highbrow' canonized works. On the one hand, this focus reflects the practice of most subsidized and university theatres, which
